COLORADO'S UNIQUE URBAN WINERY

CARBOY WINERY

Carboy Winery is a unique Colorado winery working hands-on with vineyards & winemakers from wine regions around the world. We source high-quality grapes, juice, and single-varietal wine that is then vinted, blended, or aged to craft our select brand of Carboy Wines.

In 2014 a group of passionate winemakers and restaurateurs got together and embarked on a endeavor to create a négociant urban winery in the Denver Metro Area. Our mission was to work with other winemakers and vineyards from prominent wine regions from around the world and source the grapes, juice, and wine to make, blend, and age our brand of Carboy wine. In September of 2016 we opened the doors to Carboy Winery in Littleton, Colorado featuring 14 wines harvested from regions in California, Washington, Oregon, Italy, and France. In fall of 2017 in addition to our out of state harvests, we harvested 7 varietals from Western Slope regions in Colorado. Unique to the market, at Carboy Winery you not only can purchase world class wine in a bottle but also in a one liter refillable Carboy growler fresh from the tap.

A Little About Angelo's Taverna.....

Angelo's has been a staple on Sixth Avenue since 1974. It was owned and operated by the Laveo family until March of 2013, when Craig Jones and Eric Hyatt bought it and kept the old world family recipes adding modern twists, such as char grilled oysters and balsamic glazed ribs, to make the eclectic menu that you see today. Now, three years into its rebirth, Angelo's is thriving in the same neighborhood, boasting Denver's best happy hour and an oyster bar that moves over 7000 oysters a week, ensuring the freshest from both coasts. When a parcel of land became available in Littleton, Craig saw an opportunity to bring the Angelo's concept to the south suburbs, with a twist, Carboy Winery. They wanted to build a restaurant with a full scale urban winery as its Siamese twin, bringing our hand made pastas and pizzas together with the finest juice from around the world just a tap handle away. The 10,000 square foot facility, with it's stainless steel tanks and barrel aging room, has been built with that very intention in mind. We strive to bring the best food and wine to your table without pretentious prices or attitude. We are merely shuckers and sippers with a desire to share our collective experiences and make them yours.
